

# BrailleNote Touch+

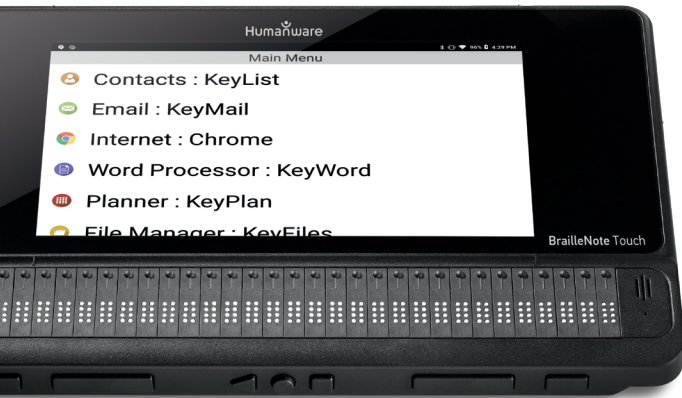

POWER YOU CAN TOUCH AND SHARE.

**SAY HELLO  
TO THE MOST  
POWERFUL BRAILLE  
NOTE TAKER!**

Presenting BrailleNote Touch+, the most powerful and up-to-date note taker in the assistive technology industry packed with educational tools.

Reading textbooks, taking notes in the classroom, sharing documents directly to the cloud or with Google Classroom and sending emails to friends... all of this is possible thanks to the most updated and efficient braille tool harnessing today's modern technology. Designed to be used in the classroom or at home, the revolutionary BrailleNote Touch+ will be a student's guide through his or her life journey!

**Humanware™**  
see things. differently.

## GET THE FASTEST AND MOST ACCESSIBLE BRAILLE TABLET STUDENTS COULD EVER WISH FOR!

The BrailleNote Touch+ is powered by Android Oreo and driven by KeySoft for efficiency and productivity, and thanks to its powerful and lightning fast processor, it truly empowers students by giving them the efficiency they need in their everyday life. And since it is compatible with most third-party applications, they can download books on their BrailleNote Touch + and start reading in braille right away.

 Google Play

The ever-innovative BrailleNote Touch+ combines the simplicity and accessibility of a note taker with the power and efficiency of a modern smartphone or tablet.

BrailleNote Touch+ is hands down the most up-to-date, powerful and efficient braille note taker on the market! It is the first note taker running on a current mainstream platform that follows mainstream release updates.

## NEVER SETTLE FOR LESS THAN THE BEST!

Writing assignments in the classroom silently, downloading and reading books during your free time, playing YouTube videos on the weekend, sending emails to friends, sharing content to cloud services such as Dropbox and Google Drive... BrailleNote Touch+ is the perfect tool to make this easy for students.

## A NOTE TAKER THAT MEETS EVERY STUDENT'S UNIQUE NEEDS AND GOALS

BrailleNote Touch+ is the most flexible note taker students can own. Create multiple language profiles and customize them with a large selection of braille codes and voices to choose from, ideal for those learning or proficient in other languages. BrailleNote Touch+ is uniquely equipped with a touchscreen making the communication between the student and the teacher seamless.

## A 21<sup>ST</sup>-CENTURY NOTE TAKER FOR A 21<sup>ST</sup>-CENTURY CLASSROOM

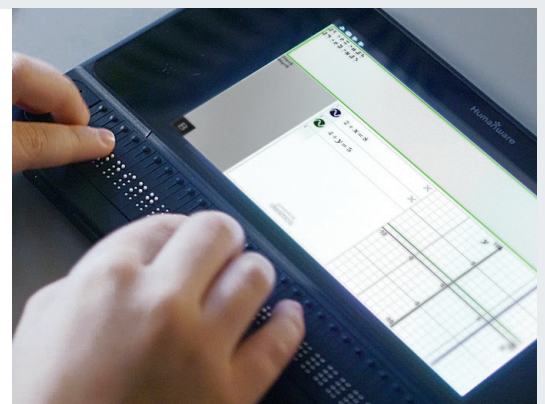

The smart keyboard cover provides a perfect ergonomic introduction to braille typing for young children. Students can transition to TouchBraille as their motor skills develop and teachers can receive instant visual feedback. Students can also enhance their math skills with KeyMath to create graphs independently, turning a seriously challenging task into one that is simple, efficient and enjoyable.

BrailleNote Touch+ comes with Dolphin's EasyReader+ application installed, a free and accessible reading application specifically tailored for the BrailleNote Touch+ with direct access to Bookshare, NFB-Newsline, epubBooks, and many other book reading services.

**BRAILLENOTE TOUCH + ENABLES YOU TO EFFICIENTLY EMBRACE TECHNOLOGY AND CONNECT WITH THE WORLD LIKE NEVER BEFORE!**
